Linkedin Profile
Github Profile

Detail-oriented and motivated **Software Engineering student** pursuing B.E. in IoT, Cybersecurity, and Blockchain. Strong foundation in **cybersecurity, web development**, **Java, Python, C programming**, and **SQL**, with a passion for building secure and efficient solutions. Adept at solving complex problems with a calm and positive mindset. Enthusiastic about leveraging modern technologies to create impactful systems.

PROFILE SUMMARY

- Final-year **B.E. Computer Science Engineering (IoT, Cybersecurity & Blockchain)** student from Lokmanya Tilak College of Engineering, Mumbai University.
- Interested in applying knowledge in **Cybersecurity, Blockchain Applications, and AI-driven solutions**
- **learning Data Structures and Algorithms (DSA) in Java** to strengthen problem-solving and coding efficiency.
- Have done many **research and deep analysis-oriented** Projects during my under-Graduation.
- Exploring **Data Analytics** to gain insights into data-driven decision making and business intelligence
- Strong foundation in **Web Development, Java, Python, C programming, and SQL**.
- Completed several **academic and technical projects** in Blockchain, Web Development, and AI domains.

EDUCATION

- 2022–26: **B.E. (IoT, Cybersecurity & Blockchain)**
  Lokmanya Tilak College of Engineering, Mumbai University
- 2020 –22: **HSC** – Thakur College of Commerce & Science (Science Stream).
- 2018 -20: SSC, APHS, Maharashtra state board.

TECHNICAL SKILLS

- Cybersecurity (Basics of Network & Application Security)
- Frontend Development (HTML, CSS, react.js)
- Backend Development (Node.js, APIs, Express)
- Python programming
- C Programming
- SQL / MySQL (Database Management)
- Data Analytics (Exploring Data Insights & Visualization)
- Cloud Computing (AWS)
- Power platforms PL 900
- Genarative AI
- MS Word / Excel / PowerPoint

PROJECT EXPERIENCE

- Web Development Mini Projects using HTML, CSS, JavaScript, SQL, C (Projects) (2023)
- Attendance Management System with Face Recognition using Python (2023)
- Web3-based Crowdfunding Platform (2024)
- Decentralized File Sharing and Management System Using Blockchain (DecentraShare) (2024)
- Cloud-Integrated Encrypted File Vault with Face & Voice Authentication (2026)

INTERNSHIP EXPERIENCE

Cybersecurity & Ai | Talakunchi Networks Pvt. Ltd.
December 2025 – January 2026 | On-site
Collaborated with a cross-functional cybersecurity team to enhance security practices.
Delivered valuable contributions as a member of the Squad-I department, supporting overall cybersecurity operations.

CORE COMPETENCIES

- Excellent Communication Skills
- Software Development (Web, Python, Java)
- Data Structure and Algorithm (DSA)
- Blockchain Development
- Cybersecurity Fundamentals and Cryptography
- Cloud Computing Learning Platforms and services)
- Data Analytics (Exploring data insights & visualization)
- Database Management (SQL, MySQL Workbench)
- IoT and Emerging Technology Enthusiast

CERTIFICATIONS

- Cisco Networking Academy Cybersecurity Essentials (2025)
- Forage Cybersecurity Analyst Job Simulation (IAM) (2025)
- Pl – 900 Microsoft Platform
- Python Programing
- Java Programing
- Cloud Computing using AWS
- Power BI

INTEREST & HOBBIES

- Swimming
- Painting
- cricket

PERSONAL DETAILS

DOB: 26 September 2004
Languages Known: English, Hindi, Marathi
Address: Swastik Park, Thane West 400607, Maharashtra, India
